## LULU TYLER GATES

WILL APPEAR AT THE NODAWAY CHAUTAUQUA IN AUGUST

## WAS HERE A YEAR AGO

At The Last Chautauqua and Was So Enjoyed That Management Procured Her for the Coming One

Mrs. Lulu Tyler Gates has been procured by the Chautauqua Association to deliver one of her popular addresses this season. Mrs. Gates has appeared on the Maryville platform before and proved to be one of the best attractions at the assembly.

The truly successful readers of America could be numbered upon the

LULU TYLER GATES

fingers of the hand. Of these leaders in the speech arts there are none more thoroughly delightful in their interpretations of the artistic phases of life than Mrs. Gates. Her mimetic appreciation is such that she intuitively adopts the actor's characteristic peculiarities of the personnel of her selections. This results in a vivacity and realism which goes far toward assuring her success. Her ability however is much greater than a mere mimic. She is a thorough student of her art, and from a critic's point of view, her every effort is complete and satisfying. A voice of remarkable strength and richness, together with an unlimited capacity for study and work, have aided a charming personality and made of her one of the most charming readers of today.

For the coming season Mrs. Gates presents a charming repertoire of monologue entertainments and miscellaneous sketches. Each one of these has been studied, polished and repolished until it is as near perfection as human vocal art can make it. Mrs. Gates is so well known that any additional eulogy from us or extensive comment from others is unnecessary.

## GUNN BOUND OVER

At The Hearing Yesterday, Witnesses Told of the Fight Between Gunn and Huddle.

Roy Gunn was bound over to the September term of circuit court without bail at the hearing held Tuesday afternoon before Justice of the Peace, W. L. Johnson. Gunn is charged with murder in the first degree as the result of the death of L. W. Huddle, of Burlington Junction, following a fight between the two.

The defense offered no testimony at the hearing yesterday. Their plea will probably be self defense.

There were eight witnesses examined, all being residents of the Burlington Junction neighborhood with the exception of David Tucker, who is a resident of Iowa. The witnesses were as follows: Elmer W. Johnson, Allie Trosper, Dr. Chas. G. Dean, Perry Hartness, C. E. Black, Pete Lewis, Harry Boyer and David Tucker, and of these witnesses, Elmer Jackson and Allie Trosper were considered the most important for the state, having been eye witnesses to nearly all of the proceedings in the fight. Trosper was one of the proprietors of the restaurant in which the fight occurred.

Mr. Trosper on the stand, said:

"Mr. Huddle asked me the Sunday before this difficulty if I had seen Roy Gunn. I told him yes, I saw him that morning. Huddle then told me about Gunn taking his whisky, a quart bottle, and that he, Huddle, was going to whip him. This was right after Gunn had quit working for Huddle. Gunn also told me that Huddle accused him of stealing it."

David Tucker told of Huddle telling him about Gunn being the only other man that knew where that whisky was. "Huddle said Gunn had been telling him what a man he was, that he had several fights and Huddle said that he was going to whip the.... of.... whenever he met him if there is any fight in him," added Tucker.

A few of the witnesses claimed to have seen a knife on the floor of the restaurant right after the fight and said that the knife belonged to Gunn. Dr. Dean, who examined Huddle, said that the victim received a knife cut in his back.

## HAS "MOVIE" PLANT

F. R. MARCELL RECENTLY PURCHASED A MACHINE.

## MAKE FILMS OF CITY

Will Be About a Thousand Feet—To Show Places of Interest—Is a Costly Machine.

Maryville now has a real "movie" plant. F. R. Marcell, the photographer recently purchased a moving picture camera and will begin making pictures soon. The machine is the same pattern as used by the Pathe Weekly people in gathering their news service films and is also used by the U. S. Government in making moving pictures. The machine is very costly.

Maryville is the only city in Missouri that has a "movie" plant with the exception of St. Louis and Kansas City. Mr. Marcell has the necessary apparatus to complete the films and they can be used on any machine. The Hearst-Selig Co., has written Mr. Marcell and want him to represent them in this territory, which includes Northern Missouri and Southern Iowa, to produce news films.

About fifty feet of film was made Sunday and was strided at the Empire theatre Monday night after the regular show. Those seeing it claim it was far better than many of the films shown. It is the intention of Mr. Marcell to make a big feature film of Maryville in the near future, headed by the slogan, "Maryville Has It." The industries, schools and churches streets and buildings will be shown as well as the city improvements and water plant. He intends to make about one thousand feet of film showing everything that will interest Maryville people. The film will be shown at the Empire theatre and will be the first time people have seen Maryville in the "Movies."

Mr. Marcell has been studying cinematography for over a year and has been preparing his work room to handle this new branch of photography, for the last six months. He intends to produce films of all the important public occasions for the Empire theatre and also films for theatres in the surrounding country.

## SISSON FOR CONGRESS

Jessie Pacher for Recorder, Sewell for Representative, Robinson for Prosecuting Attorney.

The Progressive party is going to have a county ticket and five of that party filed today their declarations with County Clerk George Demott for the various county positions. They are as follows:

Jessie L. Pacher of this city for recorder of deeds.

John H. Sewell of this city for representative.

Fred P. Robinson of this city for prosecuting attorney.

W. H. Gilbert of this city for circuit clerk.

Charles R. Leeper of near Graham, for county judge of the South district.

Nathaniel Sisson also filed as the candidate for the Progressive party nomination for congress and accompanying the declaration was a receipt for \$50 which was paid to the treasurer of the congressional committee of that party.

Miss Pacher is a prominent club woman and has been taking an interest in politics for a number of years. She is a great admirer of Theodore Roosevelt. She is the daughter of the late Lyman Pacher. She is the first woman candidate to run in the county for a number of years.

Messrs. Sewell and Robinson are the chairman and secretary of the county committee of that party respectively, and Mr. Gilbert is president of the Maco, a job printing company of this city.

Mr. Robinson said today that a number of others would file tomorrow for the rest of the county offices and that arrangements and plans for the campaign are being made. There will be a full ticket in the field.

With the Progressive party in the county political field, it will make three county tickets, the Democratic and the Republican being the other two.

## Missouri Leads in Peonys.

Missouri leads in so many things—this state has not only the largest and best managed farm in the United States but it also can truly boast of the greatest and most beautiful peony farm in the world, located near Sarcocoe, Mo.

## PROMINENT EDUCATOR HERE.

Dr. J. J. Findlay of Manchester University, England, Addresses Normal Students.

Dr. J. J. Findlay of the Manchester University, Manchester, England, gave the first of a series of lectures to be given at the Normal, this morning at the assembly hour. A number of prominent educators will speak to the Normal school students during the summer quarter.

Dr. Findlay is making a tour throughout the West and Middle West in order to get a first hand conception of the educational conditions as compared to the East and also to the existing English conditions. Dr. Findlay in his talk raised the question as to whether a comparatively new country as the United States, has any use for the older countries, and proved that we do draw largely upon the older conceptions of art and beauty.

"The duty of the teacher of today," said Dr. Findlay, "is to reconstruct the past in view of the conditions which the future will bring forth."

Dr. Findlay held a round table discussion in the Normal school auditorium this afternoon.

## FILES SUIT FOR DAMAGES.

Prof. R. H. Emberson Files Damage Suit at Columbia as Result of Automobile Collision.

Professor R. H. Emberson of the University of Missouri, who, with his family, was injured in a collision with an automobile Sunday at Columbia, filed suit Tuesday afternoon against the driver, J. H. Degginger, for \$6,000 damages. Degginger is a student in the College of Agriculture and his home is at Albany, Mo.

The petition alleges that the plaintiff was driving at a point on College avenue between Hudson and Boucheille, exercising the proper care and judgment when the defendant driving in the same direction drove his motor car into the rear of the phaeton and overturned the same; the plaintiff alleges that he and his wife, Lula Emberson, and their two children Frances and Richard M. Emberson, aged 19 and two months respectively, were thrown violently against the ground; that the defendant was driving at the rate of 50 miles per hour and that as a result of the impact his back and sides were badly wrenched, his shoulders sprained and that he has suffered and continues to suffer great pain; that his wife, Lula Emberson, received cuts on her body and limbs, that one of her knees was badly wrenched and that one of her knee caps was broken and that she has suffered and continues to suffer great pain and mental shock, and that the children, Frances and Richard, were cut and bruised.

The plaintiff further alleges that damages to the amount of \$75.00 resulted to his phaeton; that as a result of the collision and the injuries ensuing therefrom necessitated the attention of physicians and nurses for himself and family and to purchase medicines and has had to go to expense for other things; and for this the plaintiff prays the court for \$3,000 actual damages and \$3,000 exemplary damages and for the costs in this case.

## Furnishing Farm Help.

Jewell Mayes, secretary of the Board of Agriculture, reports state-wide cooperation in the matter of getting the man wanting a job into communication with the farmer needing help.

Farm advisers, agricultural club officers, secretaries of commercial clubs, station agents, merchants and farmers are invited to file requests at Columbia or the Labor Commissioner at Jefferson City.

Letters are coming in to the agricultural department from families in the cities who are already influenced by this new movement to return to their first love, the country, and they are now seeking employment on farms.

Missouri will need many thousand farm hands for harvesting the great crops of wheat, oats, rye, hay of the several kinds, following with the mid-summer plowing, the filling of silos, and the gathering of what promises to be the greatest corn crop that imperial Missouri ever produced.

## Visiting Son At Hospital.

He lives on the William Carter farm near Burlington Junction.

## CARTER UP TODAY

ON CHARGE OF FOURTH DEGREE MANSLAUGHTER

## AS RESULT OF ACCIDENT

One of the Important Witnesses for the State Was Harry Wood, the Eleven Year Old Son of the Deceased.

The hearing of Arthur Carter, of Fairfax, charged with manslaughter in the fourth degree, was being held this afternoon before Justice of the Peace W. L. Johnson. The hearing was still in progress late this afternoon and it is thought that Carter will be bound over to the September term of circuit court.

Carter is charged with culpable negligence for the death of Charles Wood, of Barnard, who died Sunday, April 27, from injuries received the day before when the auto driven by Carter collided with the wagon on which Wood was riding.

Shinabargar, Blagg & Ellison are representing Carter. The defense will probably offer no testimony this afternoon.

The first witness called by the state was Harry Wood, the eleven year old son of the deceased man. He was on the wagon with his father when the auto struck the wagon in attempting to pass. He was a good witness and told his story in a straight forward way. Other witnesses for the state were Dr. J. A. Larabee, Will Fanning, George Daniels, Mr. and Mrs. Worth Smith, P. R. Melvin, Lowell Campbell, O. K. Smith and Robert Groves.

Carter was accompanied to Maryville by his father, John N. Carter, a prominent farmer of Atchison county, and his brother.

Carter, on his way to Maryville this morning, met with an accident about a mile west of the city when his auto went into a ditch, breaking a wheel, the front springs and other damage to the car. Carter was not hurt and walked on to town. It is said that the accident happened as a result of the pin coming out of the steering wheel. His car was brought to the city this afternoon to one of the repair shops.

## MEXICAN ENVOYS ISSUE STATEMENT

**Announce Withdrawal of Huerta  
When Mexico Is Pacified.**

**CONDITIONS ARE ATTACHED**

Government Succeeding Must Have  
Support of Public Opinion—Will Be  
Guided in All Acts by Perfect Good  
Faith in Everything.

Niagara Falls, Ont., June 3.—The Mexican delegates announced that General Huerta is prepared to withdraw from the government on condition that at the time of his withdrawal Mexico shall be politically pacified and the government succeeding his shall be such as to count on the acquiescence of the governed and the support of public opinion. The statement continues: "It has been and is President Huerta's wish to place on record that neither mistaken pride nor personal interest will prevent his withdrawal, once the heretofore named conditions are satisfied."

"The Mexican government accepted the mediation of the South American powers, Argentina, Brazil and Chile, in a frank and open spirit and the Mexican delegation has been guided, and will be guided, in all its acts by perfect good faith."

"It should be unnecessary to say that President Huerta gave the Mexican delegation special instructions not to consent to anything which could hurt the sovereignty of the Mexican nation and to refuse a hearing in the deliberations of the conference to anything which might be construed as an imposition from the outside. For their own part, the delegates would not have accepted instructions of a different nature on these points, but they beg to state that hitherto they have had no occasion to refer to them, thanks to the exquisite tact of the mediation plenipotentiaries and to the circumspection of the American delegates."

"To treat of the interior pacification of Mexico in the course of deliberations on difficulties of an international character cannot be considered as submitting the sovereignty of a nation to an external influence, said pacification necessarily being bound up with the international questions. This has been appreciated by the Mexican delegation and in setting forth the intentions of its government in the matter and in its endeavors to bring about the pacification it has been inspired by the knowledge that without it no satisfactory conclusion can be arrived at in the international question."

**Mediators in Deadlock.**

Still deadlocked over constitutional representation the Mexican and American mediation delegates at Niagara Falls are waiting for more information about the character and ability of certain persons who had been suggested to compose the new provisional government.

The Mexican delegates are reporting to their government the developments with reference to constitutionalists participating, but have as yet no official knowledge on the subject from the mediators.

The American delegates have not finished their discussion with the mediators about the constitutionalists and are awaiting more advices from Washington. Indications were that nothing definite would be resolved on constitutionalist representation, though the mediators were reported to be framing a reply to the last Carranza note.

### STATEMENT BY ZUBURAN

Not Inclined to Accept Promises of Huerta.

Washington, June 3.—Upon being informed that the Mexican delegates at Niagara Falls had announced the willingness of General Huerta to resign, once Mexico is politically pacified, the constitutionalist agency authorized this statement: "Anything coming from Huerta's side will not be taken into consideration."

As to the note sent by the American mediators to Rafael Zuburan, asking whether the constitutionalists are now ready to discuss internal as well as international questions and to agree to an armistice, Senor Zuburan said it would be manifestly improper for him to discuss the subject pending the arrival of the communication.

**Call for 82,000 Harvesters.**

Washington, June 3.—Kansas, Missouri and Oklahoma raisers of wheat need at least 82,000 more men to help harvesting their crops and the commissioners of labor of these states have asked Secretary of Labor Wilson to have his department co-operate with them in obtaining the necessary workers. The men will be wanted by June 15 and the pay, it is stated, will range from \$2 to \$3.50 a day. The period of employment will be from three to five or six weeks.

**Would-Be Poisoner Is Declared Insane.**

Portland, Ore., June 3.—Mrs. Ethel Edna Hawley, who was arrested last March, after she had confessed having sent poisoned candy through the mails to her three stepchildren, was declared insane and the case against her was dropped. All of the children to whom Mrs. Hawley sent the poisoned candy escaped death. She gave as a reason for her act that she did not like the children.

## LULU TYLER GATES

WILL APPEAR AT THE NODAWAY CHAUTAUQUA IN AUGUST

## WAS HERE A YEAR AGO

At The Last Chautauqua and Was So Enjoyed That Management Procured Her for the Coming One

Mrs. Lulu Tyler Gates has been procured by the Chautauqua Association to deliver one of her popular addresses this season. Mrs. Gates has appeared on the Maryville platform before and proved to be one of the best attractions at the assembly.

The truly successful readers of America could be numbered upon the

LULU TYLER GATES

fingers of the hand. Of these leaders in the speech arts there are none more thoroughly delightful in their interpretations of the artistic phases of life than Mrs. Gates. Her mimetic appreciation is such that she intuitively adopts the actor's characteristic peculiarities of the person of her selections. This results in a vivacity and realism which goes far toward assuring her success. Her ability however is much greater than a mere mimic. She is a thorough student of her art, and from a critic's point of view, her every effort is complete and satisfying. A voice of remarkable strength and richness, together with an unlimited capacity for study and work, have aided a charming personality and made of her one of the most charming readers of today.

For the coming season Mrs. Gates presents a charming repertoire of monologue entertainments and miscellaneous sketches. Each one of these has been studied, polished and repolished until it is as near perfection as human vocal art can make it. Mrs. Gates is so well known that any additional eulogy from us or extensive comment from others is unnecessary.

## GUNN BOUND OVER

At The Hearing Yesterday, Witnesses Told of the Fight Between Gunn and Huddle.

Roy Gunn was bound over to the September term of circuit court without bail at the hearing held Tuesday afternoon before Justice of the Peace, W. L. Johnson. Gunn is charged with murder in the first degree as the result of the death of L. W. Huddle, of Burlington Junction, following a fight between the two.

The defense offered no testimony at the hearing yesterday. Their plea will probably be self defense.

There were eight witnesses examined, all being residents of the Burlington Junction neighborhood with the exception of David Tucker, who is a resident of Iowa. The witnesses were as follows: Elmer W. Johnson, Allie Trosper, Dr. Chas. G. Dean, Perry Hartness, C. E. Black, Pete Lewis, Harry Boyer and David Tucker, and of these witnesses, Elmer Jackson and Allie Trosper were considered the most important for the state, having been eye witnesses to nearly all of the proceedings in the fight. Trosper was one of the proprietors of the restaurant in which the fight occurred.

Mr. Trosper on the stand, said:

"Mr. Huddle asked me the Sunday before this difficulty if I had seen Roy Gunn. I told him yes, I saw him that morning. Huddle then told me about Gunn taking his whisky, a quart bottle, and that he, Huddle, was going to whip him. This was right after Gunn had quit working for Huddle. Gunn also told me that Huddle accused him of stealing it."

David Tucker told of Huddle telling him about Gunn being the only other man that knew where that whisky was. "Huddle said Gunn had been telling him what a man he was, that he had several fights and Huddle said that he was going to whip the . . . of . . . whenever he met him if there is any fight in him," added Tucker.

A few of the witnesses claimed to have seen a knife on the floor of the restaurant right after the fight and said that the knife belonged to Gunn. Dr. Dean, who examined Huddle, said that the victim received a knife cut in his back.

## HAS "MOVIE" PLANT

F. R. MARCELL RECENTLY PURCHASED A MACHINE.

## MAKE FILMS OF CITY

Will Be About a Thousand Feet—To Show Places of Interest—Is a Costly Machine.

Maryville now has a real "movie" plant. F. R. Marcell, the photographer recently purchased a moving picture camera and will begin making pictures soon. The machine is the same pattern as used by the Pathe Weekly people in gathering their news service films and is also used by the U. S. Government in making moving pictures. The machine is very costly.

Maryville is the only city in Missouri that has a "movie" plant with the exception of St. Louis and Kansas City. Mr. Marcell has the necessary apparatus to complete the films and they can be used on any machine. The Hearst-Selig Co., has written Mr. Marcell and want him to represent them in this territory, which includes Northern Missouri and Southern Iowa, to produce news films.

About fifty feet of film was made Sunday and was strided at the Empire theatre Monday night after the regular show. Those seeing it claim it was far better than many of the films shown. It is the intention of Mr. Marcell to make a big feature film of Maryville in the near future, headed by the slogan, "Maryville Has It." The industries, schools and churches streets and buildings will be shown as well as the city improvements and water plant. He intends to make about one thousand feet of film showing everything that will interest Maryville people. The film will be shown at the Empire theatre and will be the first time people have seen Maryville in the "Movies".

Mr. Marcell has been studying cinematography for over a year and has been preparing his work room to handle this new branch of photography, for the last six months. He intends to produce films of all the important public occasions for the Empire theatre and also films for theatres in the surrounding country.

## NEW TICKET FILED

FIVE ARE SEEKING OFFICES ON THE PROGRESSIVE TICKET

## SISSON FOR CONGRESS

Jessie Parcher for Recorder, Sewell for Representative, Robinson for Prosecuting Attorney.

The Progressive party is going to have a county ticket and five of that party filed today their declarations with County Clerk George Demott for the various county positions. They are as follows:

Jessie L. Parcher of this city for recorder of deeds.

John H. Sewell of this city for representative.

Fred P. Robinson of this city for prosecuting attorney.

W. H. Gilbert of this city for circuit clerk.

Charles R. Leeper of near Graham, for county judge of the South district. Nathaniel Sisson also filed as the candidate for the Progressive party nomination for congress and accompanying the declaration was a receipt for \$50 which was paid to the treasurer of the congressional committee of that party.

Miss Parcher is a prominent club woman and has been taking an interest in politics for a number of years. She is a great admirer of Theodore Roosevelt. She is the daughter of the late Lyman Parcher. She is the first woman candidate to run in the county for a number of years.

Messrs. Sewell and Robinson are the chairman and secretary of the county committee of that party respectively, and Mr. Gilbert is president of the Maco, a job printing company of this city.

Mr. Robinson said today that a number of others would file tomorrow for the rest of the county offices and that arrangements and plans for the campaign are being made. There will be a full ticket in the field.

With the Progressive party in the county political field, it will make three county tickets, the Democratic and the Republican being the other two.

## Missouri Leads in Peonys.

## PROMINENT EDUCATOR HERE.

Dr. J. J. Findlay of Manchester University, England, Addresses Normal Students.

Dr. J. J. Findlay of the Manchester University, Manchester, England, gave the first of a series of lectures to be given at the Normal, this morning at the assembly hour. A number of prominent educators will speak to the Normal school students during the summer quarter.

Dr. Findlay is making a tour throughout the West and Middle West in order to get a first hand conception of the educational conditions as compared to the East and also to the existing English conditions. Dr. Findlay in his talk raised the question as to whether a comparatively new country as the United States, has any use for the older countries, and proved that we do draw largely upon the older conceptions of art and beauty.

"The duty of the teacher of today," said Dr. Findlay, "is to reconstruct the past in view of the conditions which the future will bring forth."

Dr. Findlay held a round table discussion in the Normal school auditorium this afternoon.

## FILES SUIT FOR DAMAGES.

Prof. R. H. Emberson Files Damage Suit at Columbia as Result of Automobile Collision.

Professor R. H. Emberson of the University of Missouri, who, with his family, was injured in a collision with an automobile Sunday at Columbia, filed suit Tuesday afternoon against the driver, J. H. Degginger, for \$6,000 damages. Degginger is a student in the College of Agriculture and his home is at Albany, Mo.

The petition alleges that the plaintiff was driving at a point on College avenue between Hudson and Bouchelle, exercising the proper care and judgment when the defendant drove his motor car into the rear of the phaeton and overturned the same; the plaintiff alleges that he and his wife, Lula Emberson, and their two children Frances and Richard M. Emberson, aged 19 and two months respectively, were thrown violently against the ground; that the defendant was driving at the rate of 50 miles per hour and that as a result of the impact his back and sides were badly wrenched, his shoulders sprained and that he has suffered and continues to suffer great pain; that his wife, Lula Emberson, received cuts on her body and limbs, that one of her knees was badly wrenched and that one of her knee caps was broken and that she has suffered and continues to suffer great pain and mental shock, and that the children, Frances and Richard, were cut and bruised.

The plaintiff further alleges that damages to the amount of \$75.00 resulted to his phaeton; that as a result of the collision and the injuries ensuing therefrom necessitated the attention of physicians and nurses for himself and family and to purchase medicines and has had to go to expense for other things; and for this the plaintiff prays the court for \$3,000 actual damages and \$3,000 exemplary damages and for the costs in this case.

## Furnishing Farm Help.

Jewell Mayes, secretary of the Board of Agriculture, reports state-wide cooperation in the matter of getting the man wanting a job into communication with the farmer needing help.

Farm advisers, agricultural club officers, secretaries of commercial clubs, station agents, merchants and farmers are invited to file requests at Columbia or the Labor Commissioner at Jefferson City.

Letters are coming in to the agricultural department from families in the cities who are already influenced by this new movement to return to their first love, the country, and they are now seeking employment on farms.

Missouri will need many thousand farm hands for harvesting the great crops of wheat, oats, rye, hay of the several kinds, following with the mid-summer plowing, the filling of silos, and the gathering of what promises to be the greatest corn crop that imperial Missouri ever produced.

## Visiting Son At Hospital.

He lives on the William Carter farm near Burlington Junction.

## CARTER UP TODAY

ON CHARGE OF FOURTH DEGREE MANSLAUGHTER

## AS RESULT OF ACCIDENT

One of the Important Witnesses for the State Was Harry Wood, the Eleven Year Old Son of the Deceased.

The hearing of Arthur Carter, of Fairfax, charged with manslaughter in the fourth degree, was being held this afternoon before Justice of the Peace W. L. Johnson. The hearing was still in progress late this afternoon and it is thought that Carter will be bound over to the September term of circuit court.

Carter is charged with culpable negligence for the death of Charles Wood, of Barnard, who died Sunday, April 27, from injuries received the day before when the auto driven by Carter collided with the wagon on which Wood was riding.

Shinabargar, Blagg & Ellison are representing Carter. The defense will probably offer no testimony this afternoon.

The first witness called by the state was Harry Wood, the eleven year old son of the deceased man. He was on the wagon with his father when the auto struck the wagon in attempting to pass. He was a good witness and told his story in a straightforward way. Other witnesses for the state were Dr. J. A. Larabee, Will Fanning, George Daniels, Mr. and Mrs. Worth Smith, P. R. Melvin, Lowell Campbell, O. K. Smith and Robert Groves.

Carter was accompanied to Maryville by his father, John N. Carter, a prominent farmer of Atchison county, and his brother.

Carter, on his way to Maryville this morning, met with an accident about a mile west of the city when his auto went into a ditch, breaking a wheel, the front springs and other damage to the car. Carter was not hurt and walked on to town. It is said that the accident happened as a result of the pin coming out of the steering wheel. His car was brought to the city this afternoon to one of the repair shops.

Miss Danner's program was a delight to every one, her exquisite rendition and the selections appealing alike to all. The first was a duo number with Prof. P. O. Landon and the other six numbers were chosen from Schubert-Liszt, MacDowell, Schumann, Sinding and Chopin.

Miss Danner's mother, Mrs. D. G. Danner and Miss Lucile Holt of Blanchard, were in attendance at the recital and while here they are guests of Mr. and Mrs. L. P. Colvin of South Market street.

## DON'T GROW BALD

### Use Parisian Sage.

If your hair is getting thin, losing its natural color, or has that matted, lifeless and scraggy appearance, the reason is evident—dandruff and failure to keep the hair roots properly nourished.

Parisian Sage applied daily for a week and then occasionally is all that is needed. It removes dandruff with one application; almost immediately stops falling hair and itching head; invigorates the scalp and makes dull, stringy hair soft, abundant and radiant with life. Equally good for men, women or children—every one needs it.

A large bottle of this delightful hair tonic can be had from T. J. Parle or any drug counter for 50 cents. You will surely like Parisian Sage. There is no other "just as good." Try it now.

and Mrs. Lavencour Michau went to St. Joseph Wednesday morning to spend the day, guests of the E. F. Michau and Lou Hax Smith folks. Mrs. O. A. Cannon, of Kansas City, formerly Miss Maida Michau will join the party in St. Joseph.

## MEXICAN ENVOYS ISSUE STATEMENT

**Announce Withdrawal of Huerta  
When Mexico is Pacified.**

**CONDITIONS ARE ATTACHED**

Government Succeeding Must Have  
Support of Public Opinion—Will Be  
Guided in All Acts by Perfect Good  
Faith in Everything.

Niagara Falls, Ont., June 3.—The Mexican delegates announced that General Huerta is prepared to withdraw from the government on condition that at the time of his withdrawal Mexico shall be politically pacified and the government succeeding his shall be such as to count on the acquiescence of the governed and the support of public opinion. The statement continues: "It has been and is President Huerta's wish to place on record that neither mistaken pride nor personal interest will prevent his withdrawal, once the heretofore named conditions are satisfied."

"The Mexican government accepted the mediation of the South American powers, Argentina, Brazil and Chile, in a frank and open spirit and the Mexican delegation has been guided, and will be guided, in all its acts by perfect good faith."

"It should be unnecessary to say that President Huerta gave the Mexican delegation special instructions not to consent to anything which could hurt the sovereignty of the Mexican nation and to refuse a hearing in the deliberations of the conference to anything which might be construed as an imposition from the outside. For their own part, the delegates would not have accepted instructions of a different nature on these points, but they beg to state that hitherto they have had no occasion to refer to them, thanks to the exquisite tact of the mediation plenipotentiaries and to the circumspection of the American delegates."

"To treat of the interior pacification of Mexico in the course of deliberations on difficulties of an international character cannot be considered as submitting the sovereignty of a nation to an external influence, said pacification necessarily being bound up with the international questions. This has been appreciated by the Mexican delegation and in setting forth the intentions of its government in the matter and in its endeavors to bring about the pacification it has been inspired by the knowledge that without it no satisfactory conclusion can be arrived at in the international question."

### Mediators in Deadlock.

Still deadlocked over constitutional representation the Mexican and American mediation delegates at Niagara Falls are waiting for more information about the character and ability of certain persons who had been suggested to compose the new provisional government.

The Mexican delegates are reporting to their government the developments with reference to constitutionalists participating, but have as yet no official knowledge on the subject from the mediators.

The American delegates have not finished their discussion with the mediators about the constitutionalists and are awaiting more advice from Washington. Indications were that nothing definite would be resolved on constitutional representation, though the mediators were reported to be framing a reply to the last Carranza note.

### STATEMENT BY ZUBURAN

Not Inclined to Accept Promises of Huerta.

Washington, June 3.—Upon being informed that the Mexican delegates at Niagara Falls had announced the willingness of General Huerta to resign, once Mexico is politically pacified, the constitutionalist agency authorized this statement: "Anything coming from Huerta's side will not be taken into consideration."

As to the note sent by the American mediators to Rafael Zuburan, asking whether the constitutionalists are now ready to discuss internal as well as international questions and to agree to an armistice, Senor Zuburan said it would be manifestly improper for him to discuss the subject pending the arrival of the communication.

### Call for 82,000 Harvesters.

Washington, June 3.—Kansas, Missouri and Oklahoma raisers of wheat need at least 82,000 more men to help harvest their crops and the commissioners of labor of these states have asked Secretary of Labor Wilson to have his department co-operate with them in obtaining the necessary workers. The men will be wanted by June 15 and the pay, it is stated, will range from \$2 to \$3.50 a day. The period of employment will be from three to five or six weeks.

Would-Be Poisoner is Declared Insane.  
Portland, Ore., June 3.—Mrs. Ethel Edna Hawley, who was arrested last March, after she had confessed having sent poisoned candy through the mails to her three stepchildren, was declared insane and the case against her was dropped. All of the children to whom Mrs. Hawley sent the poisoned candy escaped death. She gave as a reason for her act that she did not like the children.
